FIRE COMPLIANCE

MANAGEMENT SERVICES

COVID-19 IMPACT on the home

Audience: Aimed at Parents & Carers with Children at home whilst working during the pandemic.

Aims: Delivered by FRACS Accredited Pete Moulson. With over 39 years' experience, he talks about the key things to look out for when working from home. We also provide sound advice for parents on what to tell their children about Fire Safety when faced with frightening scenarios.

90% of all fires are caused by PEOPLE.

We look at why this can happen in the home.

COVID-19 IMPACT on the workplace

Does fire safety law apply in the current Covid-19 situation?

YES

Audience: Those who require Fire Safety advice regarding possible changes to the working environment during or after the impact of COVID-19. What does the advice from the Government actually mean?

Aims: to highlight Fire Safety within the workplace and what you should do in relation to the Fire Regulations.

#staysafe

Fire Compliance Scheme

We manage your business Fire Safety Management to guarantee 'Compliance' with the Fire Regulations.

We talk about our scheme which focuses on all fire safety matters relating to your premises which includes life safety and business continuity.

1

Introduction

We explain what the scheme is and why it is important to achieve sustainable compliance.

2

The route to entry

We talk about to how to join the scheme plus explain our scheme entry requirements.

3

The package

We explain more about the building blocks required to map out your route to achieving compliance.

4

Sustainable Compliance

We will advise you on how we manage a long term strategy whilst maintaining your compliance with the Fire Regulations.

The scheme provides the building blocks to achieving and sustaining compliance with the Fire Regulations.

Evacuation Procedures

How do you account for all the people in a building?

Under the pressure of a Fire Roll Call, could you, as the lead Fire Warden, confidently say that **ALL people have been accounted** for in a fire?

**When the Fire Officer asks, what is your answer?
YES/NO/DON'T KNOW**

We challenge the 'ROLL CALL' against our SWEEP/SEARCH method.

Sign up to our Webinar to learn more about this technique and increase your confidence that you have accounted for the people in your workplace in an evacuation.

Since 2009 we have completed in excess of **25000** Fire Risk Assessments, helping businesses to achieve and sustain compliance with the Fire Regulations.

For more information on how we can help you and your business, call us on: **0844 332 0445** or email: **enquiries@fcmsltd.com**
